State Representative Rory Ellinger, Host

*Materials at the Bridgeton landfill have been smoldering underground a few miles from Vinita Park and University City since December 2010. Since then, state and local officials have been taking steps to minimize the health risks to our surrounding communities as they work to put a stop to the fire. Communities that could be affected include: **University City, Pagedale, Vinita Park, Hanley Hills, Vinita Village, and***

Wellston. *I invite you to come hear our distinguished panel of activists and elected officials deliver up-to-date information on the situation, share health and safety tips, and answer your questions.*

Representative Rory Ellinger
